Wow, time sure flies when we are overwhelmed! During this season of ministry, we've definitely had our share of challenges. Like everyone else, we had to move to online platforms in order to continue our work. The theme for this season was "replace, not cancel." It forced us to get creative to think of ways to develop what we call ACSR's-Authentic Christ Sharing Relationships. So, on the fly, we had to re-write our standards, processes, and best practices in order to accomplish RMA's – Relational Ministry Actions.

So yes, it was a challenging and overwhelming time, just like for everyone else. I'm happy to say that our 16 ministry sites and 70 volunteers did an excellent job. Many of them were out of work and decided to spend their hours volunteering more. It was inspiring.

Another challenge, with the cancellation of camp, was to provide a virtual camp offering. Here is the link to one:

Thanks for reaching out and take care!
